

THREE PHASE PLAN

Here is our projected plan for re-engaging on the Bridges campus

Phase 1: Online only. This is the phase we're currently in right now. During this phase, we will see teaching and worship recorded on campus with a limited team following social distance guidelines.

Phase 2: Online plus re-engaging Life Groups in person. During this phase, when your Life Group is ready, and when it is within the State and County guidelines, your group can resume meetings in homes. During this phase, we begin training volunteers for re-engagement in Phase 3. Additionally the Worship Gathering team is looking at creative ways to engage with Life Groups live if we are able to do so respecting the health guidelines.

Phase 3: Online plus in-person services. Our tentative plan is to resume in-person services on campus Sunday, August 30, which coincides with the FUSD plan to resume school the last week of August. We will follow State and County guidelines to regulate our Sunday gatherings. We are hoping all age groups and fellowships, including Children's and Student programs, will re-engage on campus. We expect our office to resume normal hours at that time.
